The following are importers that are “notable mentions,” but were not heavy hitters like Norinco or Poly Tech.. Imported from 1988-1989 ModelsLegend- Milled receiver They also had a national match that featured longer hand-selected and air-gauged barrels.. Older WASR-series rifles commonly produced trigger slap, which is caused by the bolt slamming backward into the trigger assembly and causing significant pain to the shooter's trigger finger.. Norinco also had the responsibility of importing for many smaller importers listed below.

62x39mm automatic rifle in early 1944 It was a blowback operated gun using a massive bolt.. 62x39mm This is in BRAND NEW/ UNFIRED condition and is 100% serial numbers matching.. Chinese AKs also came with much thicker barrels than most imported AKs The barrels were pressed a lot tighter into the trunnions or milled receivers than any other AK out there.. As a result, armies sought a cartridge and rifle combining high capacity magazines, automatic fire and an intermediate-power cartridge.
